

Supplementary general terms and conditions of sales regarding Superski Family ski passes

The general terms and conditions of Sales of Dolomiti Superski apply also to the Superski Family ski passes, disregarding the following additions, modifications and clarifications.

1. Requirements for Superski Family ski passes: In order to purchase a combination of Superski Family ski passes it is necessary to form a family group of at least 3 to a maximum of 8 people. Every member has to be at least 8 years old (born before 30.11.2010). Only the parents, their children and the grandparents of latter are entitled to be members of the family group. For this purpose a head of the family – one or the other parent - has to be chosen and his/her spouse (or alternatively his/her partner in life), their children and their parents (the grandparents of the children) may be part of the family group, which has to consist of at least one parent and one of his/her children. Once the group is formed and the ski passes have been purchased, the group can't be modified or integrated. Holders of other Dolomiti Superski ski passes with validity during the current season are not entitled to become members of the family group.

2. Children born after November 30th 2010: One of the head of the family's child under 8 years (born after 30.11.2010) is entitled to obtain a free Dolomiti Superski seasonal ski pass, valid for the current season, if contemporaneously the relative parent purchases a Superski Family ski pass according to article 1 of the present general terms and conditions. For each parent being part of the family group one child under 8 years may obtain such free ski pass. If the head of the family's spouse (or alternatively his/her partner in life) is also member of the family group, all their less than 8 years old children (born after 30.11.2010) are entitled to obtain a free Dolomiti Superski ski pass valid for the entire season. In order to benefit from the free seasonal ski passes, family status certification or equivalent original documents have to be provided.

3. Purchase: The Superski Family ski passes can be issued exclusively in the central sales offices. The family relationships (grandparents-parents-children), the marriage or cohabitation must be proved by original certificates from public authorities (i.e. Family status certifications, birth certificate, ID's), not replaceable by self-certification or similar procedures. For this purpose, all members of the family group have to be present at the sales office contemporaneously, also in order to achieve the picture to be combined to each ski pass. No further reductions will be granted.

4. Geographic and temporal validity: Every ski pass issued for the family group will be valid within the whole Dolomiti Superski skiing area and during the current season. Unused ski days will not be refunded or reimbursed nor can they be used in the following ski seasons. Superski Family ski passes do not grant the validity of 5 ski days in the ski areas of Skirama Dolomiti Adamello-Brenta. Every holder has to be equipped with his/her own ski pass.

5. Way of functioning: By purchasing Superski Family ski passes, 10 or 20 ski days can be purchased for each member of the family group, which can be used indiscriminately by any family group member. For each day of use and for each pass of the family group, the available amount of family's ski days will be diminished by one day. Once the ski days are consumed,

the amount of ski days may be recharged, but only once for each combination of Superski Family ski passes, with a minimum of 10 to a maximum of 30 ski days in pieces of 5. Children under 8 years of age, who have been granted a free seasonal Dolomiti Superski ski pass, are not part of the family group and therefore their ski days are not considered.

6. Misuse: If Superski Family ski passes are used by a different person than its holder, 10 ski days will be diminished from the total amount of family's ski days available at the moment of the abuse's ascertaining. In case of misuse of free passes granted to children under 8 years of age (born after 30.11.2010), the pass will be blocked or withdrawn. Any abuse will be prosecuted according to law and through any legal action or proceeding deemed necessary or proper for ascertaining the offender's criminal (e.g. for fraud – art. 640 of the Italian Penal Code) and civil liability.

7. Derogation in case of skiing accidents: In derogation from the provisions of the general terms and conditions of sales, any form of reimbursement in case of skiing accidents is excluded.
